1. Claims 1-20 are allowed.

2. The following is an examiner's statement of reasons for allowance:

a) For Kang (US. 2004/0156143 A1) is same assignee and same inventor with respect to the application invention.

b) The prior art of record neither discloses nor suggests an air bearing apparatus having combination structural limitations including a body having a surface facing the disk; a first rail base protruding from the surface of the body facing the disk and having a U shape open to a trailing end portion of the body; a first positive pressure generating rail portion protruding from the first rail base and including a cross rail separated from a leading end portion of the first rail base and extending in a first direction perpendicular to a direction in which air enters and a pair of side rails respectively extending from both end portions of the cross rail in a second direction parallel to the direction in which air enters', a negative pressure cavity defined by the first rail base; a second rail base protruding from the surface of the body facing the disk adjacent to the trailing end portion of the body; a second positive pressure generating rail portion protruding from the second rail base; and a negative pressure generating pocket formed in each of the side rails to be separated from the negative pressure cavity and open to an outside of the side rails, all as set forth in claim 1 (claims 17-19 are similar to claim 1).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2627

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Allen T. Cao whose telephone number is (571) 272-7569. The examiner can normally be reached on Mon - Thurs (7:30 - 6:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hoa T. Nguyen can be reached on (571) 272-7579. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
